

Product Internship

About Prota Games

We're a gaming startup. With over US\$3M in venture capital, we're on a strong growth trajectory, tripling our revenue every year since our inception.

Our games have more than 10M active users per month. Our goal is to build a portfolio of games that are simple yet memorable and create one of the biggest gaming companies in the world.

Requirements

- Students of Business, Economics, Engineering, Computer Science, or related courses. Experience in consulting, investment banking, private equity, venture capital or in technology companies is a plus.
- Analytical and systemic thinking to design simple solutions to complex problems.
- Strong organizational, problem-solving, and analytical skills, able to manage priorities and workflow.
- Strong written and oral communication skills while utilizing strong interpersonal skills. Teamwork and Accountability.
- Must love games.

Responsibilities

- Development of marketing and product strategies to improve the profitability of our games. Supervision of the design and outcome of all efforts put into improving our games.
- Collaborate with game development team to identify and solve any opportunities to improve our games.

What We Offer

- Highly Competitive Salary: R\$4,500 for Product Intern.
- Opportunities for fast career growth and development.
- Chance to work directly with senior management of a high-growth company.
- 100% remote work.
